Benyovszky's Fellow-Travellers

Unless otherwise marked in the first column, the source of the information on the table is Andrew Drummond in his book *The Intriguing Life and Ignominious Death of Maurice Benyovszky* (2017); this merges name-lists from Ryumin or Sgibney, and from Benyovszky only if verified by others.

Where ${\bf B}$ is shown, this refers to Benyovszky's own account, unverified by any other archival source.

Where **K** is shown in that column, this refers to the various published researches by Polish historian Edward Kajdanski, and may include some Benyovszky-only entries.

The spelling of names is taken largely from Kajdanski. Alternate spellings are those which appear in one of the other sources. The assistance of Robert Waglowski (Warsaw) in preparing this list is gratefully acknowledged.
